Suburban Garden Club Awards Scholarships

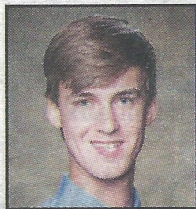

The Suburban Garden Club of Cheshire has awarded \$500 scholarships to three graduating seniors at Cheshire High School, including Claudia Buszta, who will major in Environmental Science at Colgate University, and Alyssa Matz, who plans to major in Biology and Environmental Science at the University of Connecticut. The Suburban Garden Club Tripodina Growell Scholarship was awarded to Nicholas Kavadas, who will major in Landscape Architecture at the University of Connecticut. This scholarship acknowledges the contribution that the Tripodina Family, owners of Growell Incorporated in Cheshire, has made by allowing the club to use greenhouse space to grow plants for the Annual Plant Sale, which raises funds for the scholarship program.
